

# Positive Behaviour Support Plans (PBSP)

**Immediate Availability!**

## We have availability to do PBSP:

Our positive behaviour support (PBS) practitioners help clients when challenging behaviour is risky. They understand that the behaviour occurs for a reason and can reveal necessary information about the person's needs.

Our approach to PBS is built on understanding all aspects of the person, their support, and their environment. PBS can lead to an improvement in your quality of life by building authentic and measurable outcomes.

## Positive Behaviour Support believes in:

## How can we help?

- **Conducting comprehensive assessments to identify the purpose of challenging behaviour.**
- **Face-to-face services can occur in whichever environment suits you best.**
- **Writing and implementing positive behaviour support plans.**
- **Holistic interventions that support the individual, their family, and their support network.**
- **Supporting clients with the best quality of care, often working collaboratively in multidisciplinary teams.**
